

Newfield Primary School

Geography Curriculum Overview

	Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
EYFS	Early Years explore geographical themes and content through the Understanding of the World strand of the EYFS curriculum. This involves guiding the children to develop a sense of their physical world, as well as their community, through opportunities to explore, observe and find out about people, places, technology and the environment. Pupils have plentiful opportunities to freely explore their EYFS setting and outdoor area, and to make visits to places in the immediate vicinity of the school (e.g. local streets, park, shop and shops).					
ARP			Exploring the World	Tourism		Earthquakes
Year 1		Our School (Fieldwork - Mapping the School)	London		Animals around the world	
Year 2			Exploring the World	Weather Patterns (Fieldwork – basic weather measurements)	Coastline
